Mr. Maury Warshauer  
Vice President  
FuelMiser, Inc.  
20 West 20<sup>th</sup> Street  
New York, NY 10011

Dear Mr. Warshauer:

As you know, we have been trying FuelMiser on our vehicles for the past 6 weeks. We have been keeping careful track of the mileage on each vehicle, including those still without the FuelMiser. The average mileage on the vehicles without FuelMiser continues to be between 16 and 18 while the average mileage on the vehicles with FuelMiser has risen to between 18 and 20.

By way of illustration, one of our Town Cars traveled 310 miles to Pennsylvania and back yesterday. Under normal conditions this particular vehicle has been averaging approximately 18 miles per gallon with FuelMiser, however, on this particular trip the average was 22.1 miles per gallon, an increase of 23%.

The increase in fuel economy we have experienced is as good, if not better, than you predicted. Needless to say, we are extremely pleased with FuelMiser and have begun recommending it to other fleet owners and our Customers in general. Any fleet owner can appreciate the savings we have seen, especially considering the negative impact the cost of fuel has had.

Thank you.

Sincerely,

A handwritten signature in cursive script that reads "Nicholas Falco".
