DEAR MR. FISCHER,

WE HAVE BEEN INSTALLING FUEL MISERS ON A NUMBER OF OUR CUSTOMERS" VEHICLES OVER THE PAST SIX MONTHS. WE HAVE NOTICED THAT THE MAJORITY OF THEM CLAIM TO HAVE ATTAINED GREATER MILEAGE. AS TO THE PERCENTAGES, UPON INQUIRY, THEY SEEM TO AVERAGE IN THE RANGE OF FIFTEEN TO TWENTY PERCENT INCREASED MILEAGE. SOME OF OUR CUSTOMERS HAVE EXPRESSED THE INCREASE IN NUMBER OF DAYS BETWEEN "FILL-UPS". THESE WERE EXPRESSED BY PEOPLE DRIVING THE SAME ROUTE ON A DAILY BASIS.

THE VEHICLES WE HAVE HAD AT OUR DISPOSAL FOR EMISSIONS TESTING ALSO CAME IN WITH IMPROVED RESULTS. HYDROCARBON AND CARBON MONOXIDE LEVELS CAME IN, ON AVERAGE, LOWER THAN THE SAME VEHICLES WITH SIMILAR MILEAGE. OVERALL, WE HAVE BEEN PLEASED WITH FUEL MISERS" RESULTS.

THANKING YOU, I AM

SINCERELY YOURS,
